

# KEINEN REGENWALD IN DEN TANK!

A surreal illustration of a silver car in a lush jungle. The car's front grille is replaced by a wide, open mouth with several sharp, white teeth. Inside the 'mouth', a small brown monkey is clinging to a tree branch, and a bright orange frog is perched nearby. The car's headlights are depicted as large, blue, eye-like structures. The background is a dense, vibrant jungle with tall trees, thick vines, and various tropical plants. A colorful bird is flying in the upper right corner.
